Preface xi

GRiffiths, J. S. & Radf ord, T. An introduction to earthworks in Europe 1

Lamont, D. Revision of BS 6031: Code of practice for earthworks 5

Harris, A. J. & Bond, A. J. Stability of earthworks to Eurocode 7 9

Perry, J. Geotechnical risk and performance: with a focus on earthworks compaction and data management 21

Power, C. M., Patterson, D. A., Rudrum, D. M. & Wright, D. J. Geotechnical asset management for the UK Highways Agency 33

Parry, L. N. The identification and management of cuttings at risk from deep-seated, delayed failure on the Highways Agency network 41

Dapena, E. & Parrilla, A. Spanish technical regulation for road construction 55

Herle, V. Czech standards and specification for earthworks 61

Gomes Correia, A., Quibel, A. & Winter, M. G. The work of ISSMGE TC3 (Geotechnics of pavements) and how it links to earthworks 67

Rutty, P. C. & Johnston, T. P. Optimum use of material: selection of limits for suitable earthworks fill: Irish experience 79

Petkovšek, A. & Mašes, B. Overconsolidated clays and flysch for embankments in Slovenia 93

Hodgson, I. F., Beales, S. P. & Curd, M. J. Use of tyre bales as lightweight fill for the A421 improvements scheme near Bedford, UK 101

Krest, F. Use of industrial by-products in earthworks in the Czech Republic 109

Macdonald, G. J., Vooght, A. R. & Parkin, S. The use of deep counterfort drains as an effective method of stabilizing cuttings constructed in overconsolidated clays 115

Macdonald, G. J., Vooght, A. R. & Parkin, S. The use of soil moisture deficit as a trigger mechanism for targeted monitoring of earthworks slopes 141
Toll, D. G., Mendes, J., Gallipoli, D., Glendinning, S. & Hughes, P. N. Investigating the impacts of climate change on slopes: field measurements

O’Riordan, N. & Phear, A. Measuring and mitigating the environmental impact of earthworks and other geotechnical processes

Pantelidou, H., Nicholson, D., Hughes, L., Jukes, A. & Wellappili, L. Earthworks emissions in construction of a highway
